MEMORANDUM FOR: Deputy Director (Support)

14 JAN 1963

SUBJECT : Delinquent Reports

1. As requested, there is attached a current report of Fitness Reports which were due in 1962 but have not yet been received in the Office of Personnel. Each of the five major reporting groups has been listed on a separate sheet in the event you wish to send a copy of the appropriate section to the Deputy Director concerned.

2. We have not attempted to provide explanations for the relatively high delinquency rates in some elements and the low rates in others. However, we believe the statistical findings provided below may be of interest in making a simple comparison of standings.

a. Among the five major groups reported, DD/P has the highest delinquency rate (18.6%) and the DCI has the lowest rate (2.0%).
